

Protein Plus

McMillan Protein Plus is a complete, oat free textured feed formulated specifically to meet the high nutritional demands of working horses. Steam flaked grains and high quality vegetable oil is included to provide highly digestible energy for all types of exercise. Contains balanced levels of Zinpro organic trace minerals and natural vitamin E for enhanced bioavailability and organic yeast for optimum digestion.

PROTEIN PLUS DELIVERS:

- High quality protein for optimum muscle health
- Bioavailable Zinpro organic trace minerals including chromium for enhanced exercise tolerance and zinc and copper for improved bone density in young horses
- Natural vitamin E for support during recovery
- Organic yeast culture for improved gastrointestinal health

FEEDING GUIDE:

Protein Plus has been formulated to complement New Zealand forages and provide the correct balance of all essential nutrients when fed at the following levels daily:

BODY WEIGHT	400kg	500kg	600kg
Light Work	2–3kg	3–4kg	4–5kg
Medium Work	3–4kg	4–5kg	5–6kg
Heavy Work	4–5kg	5–6kg	6–7kg

The above table is a guide only and the amount fed should be adjusted according to the horse's age, temperament, condition, body weight and workload.

When combined with forage, the above indicated amounts of Protein Plus will provide more than the minimum National Research Council (NRC) requirements for each essential nutrient.

QUALITY GUARANTEED

Our commitment to quality ensures that only the finest ingredients available are included in the McMillan range of equine feeds.
