

Manetane

McMillan Manetane is a palatable muesli-style formulation of steam-flaked grains, vegetable proteins, minerals and vitamins. Manetane has been formulated to meet all essential nutrient requirements for horses at maintenance or in light work. Manetane can be fed as the only concentrate in the diet or used as a base feed and combined with additional grains if increased dietary energy is required.

MANETANE DELIVERS:

- Highly palatable formulation that provides optimum energy levels from steam flaked grains and vegetable oil to ensure maintenance of overall body condition.
- Balanced level of all essential vitamins and trace minerals required for maintaining optimum general health.

FEEDING GUIDE:

Manetane has been formulated to complement New Zealand forages and provide the correct balance of all essential nutrients when fed at the following levels daily:

BODY WEIGHT	400kg	500kg	600kg
Spelling	1–3kg	2–4kg	3–5kg
Light Work	2–3kg	3–4kg	4–5kg
Moderate Work	3–4kg	4–5kg	5–6kg

The above table is a guide only and the amount fed should be adjusted according to the horse's age, temperament, condition, body weight and workload.

When combined with forage, the above indicated amounts of Manetane will provide more than the minimum National Research Council (NRC) requirements for each essential nutrient.

TYPICAL ANALYSIS (DM BASIS)

Crude Protein	Fat	Fibre (max)	Salt	Energy DE (MJ/KG)
10%	3.5%	6%	1%	15.0

NUTRIENT COMPOSITION

Nutrient	As Fed (Per kg)
Energy (DE)	3.1 Mcal
Crude Protein	85g
Fat	30g
Fibre (max)	50g
Calcium	9g
Phosphorous	3.5g
Magnesium	2g
Sodium	4g
Chloride	7g
Potassium	6g
Sulfur	1g
Iron	120mg
Zinc	110mg
Manganese	60mg
Copper	32mg
Cobalt	0.2mg
Iodine	1mg
Selenium	0.6mg
Vitamin A	6,000IU
Vitamin D3	1,000IU
Vitamin E	50IU
Vitamin K	1mg
Thiamine (Vit B1)	3mg
Riboflavin (Vit B2)	4mg
Niacin (Vit B3)	10mg
Folic Acid (Vit B9)	0.5mg
Vitamin B12	0.01mg
Choline	750mg

*Includes natural Vitamin E and organic minerals.
